

This is data for all those "currently insured" for health. Other possible data includes those who have had the same carrier for all 12 of the previous months and those who has been cover for all 12 months of the past year. I thought it might be appropriate to include the error bars since CHIS provides us with confidence intervals.

**All Ages**

**Nevada, Plumas, Sierra**

	Est. N	%	95% C.I. low	35% C.I. hiq	95% C.I. low	95% C.I. high
